

Kit List

Attendees of our Seashore Safari beach days should bring;

- **suitable footwear and clothing for the conditions**

E.g. For days forecast to be cool and / or wet: waterproofs and warm clothing.

For days forecast to be sunny: sunhats, sunglasses, tops that cover shoulders and sun cream are all advised. However, please take in to account the unpredictability of the great British weather!

Wellies are definitely best for rock pooling, but anything with good soles and strong grip will be fine.

If your chosen footwear is not waterproof, bring a change of socks and shoes, plus a small towel.

- a packed lunch and water bottle (please consider the amount of packaging and wrappings you bring to the beach as we will ask you to take your litter home if there are not bins nearby)
- We will provide any other necessary rock pooling equipment for your day.
- Please do not bring mobile phones or electronics with you - just think how you'd feel if they fell in the sea!
- A smile and a sense of excitement!

(Top tip: make sure to rinse your shoes and clothing after the event to remove any corrosive saltwater.)
